

Publisher's Note

A Girl Can ...

It is such a pleasure to work with positive and passionate individuals, and it's extra special when they are a daughter-and-mother duo like author, Alli White, and illustrator, Gretchen Jeens.

Alli's first children's book, *A Girl Can ...*, is brimming with obvious gifts, awesome-girl wisdom, and a whole lot of love that Alli and Gretchen are passing on to the next generation, including Alli's three daughters and all who read this playful and high-spirited story.

In a time where little girls and little boys, let alone adults, still struggle to be their true selves, find their purpose, and live their dreams, *A Girl Can ...* opens the floodgates of possibilities for young and old alike. It encourages us to bravely explore all aspects of who we are and stand in our beautiful and unique power and just be ...

Gretchen Jeens delightfully captures the essence of Alli's inspiring story on every page with her life-like illustrations. What a terrific team.

We're thrilled to partner with you both to bring *A Girl Can ...* to life. Sincere congrats.
