
Praise for Podortho® Nurse Advanced Foot and Lower Limb Care Training

Erin, you are a natural born teacher. Sharing your vast knowledge and experiences will indeed capture the reader's attention. As a student, I have learned so much from you, and you continue to inspire me in business. It was my pleasure getting to know you as my professor and mentor, and now colleague in the Podortho® Nursing profession. I am truly grateful and look forward to reading Feet for Life Advanced Nursing Foot and Lower Limb Care.

Cindy Baillargeon

Registered Practical Nurse, Podortho® Nurse

Erin King, RPN/Podortho® Nurse is an innovator, educator, and advocator. She has been working for many years to elevate and standardize our profession in advanced nursing foot and lower limb care. Erin has always maintained a positive and supportive environment and ensures her educational program and founded association advocates for higher education and a cooperative environment for the betterment of all Foot Care and Podortho® Nurses provincially.

The Ontario Podortho® Nursing Association Inc. holds the title Podortho® Nurse as a registered trademark and ensures advanced postgraduate education is standardized in our speciality area of nursing. Erin has worked tirelessly to build awareness of the Podortho® Nurse title, ensuring patients/clients who receive foot and lower limb care are reimbursed for their care received from a nurse and that Podortho® Nurses are recognized and respected by private health insurance companies, Canadian Life and Health Insurance Association, government agencies, similar professions, and the College of Nurses of Ontario respectively.

Thank you for your commitment and hard work, Erin.

Janis Boudreaux

Registered Practical Nurse, Podortho® Nurse, Advanced Foot Care Nurse
Owner, Advanced Foot Care Nurse & Wellness Centre
Windsor, Ontario

In preparation to open my own clinic, I was given the opportunity to shadow Erin at her own. She provided me with great insight and training, educating me on procedures and techniques. Erin is very knowledgeable, and I am grateful for her time and continuing guidance. She is dedicated and works tirelessly for the association and its members. Since joining the OPNA, I have become a board member in hopes to help guide and educate fellow nurses as Erin has. Thank you, Erin. I appreciate all that you do.

Heidi Moniz

Registered Practical Nurse, Podortho® Nurse

Adam, Kim, and I would like to congratulate Erin on her outstanding successful clinic in Barrie. On one occasion, all three of us attended her clinic and were thrilled with the higher standards of nursing foot care, elevated to a level we aspire to achieve. We have always sought out such advanced progressive ideas, and found it already existed in Erin's clinic. On the second visit, Adam and myself spent the entire day at Feet for Life. We observed, questioned, sampled, talked, and examined as much as we could in one day. Talking to the clients booked for treatments that day, we were convinced that all were impressed and happy with their results. Erin and Maria were very kind, humbly explaining all that we asked of them. Without a doubt, we left very informed, excited, and eager to begin incorporating Feet for Life's treatments. We hope to collaborate ongoing; as nurses, we need to support each other! Both myself and Erin teach an Advanced Nursing Foot Care/Podortho® course in our vicinities and look forward to expanding the courses through collective, constant, reliable treatments through nursing postgraduate continuing education.

Thanks for everything, Erin!

Deborah Waywell,

Registered Practical Nurse, CFCN, Podortho® Nurse

Adam Waywell,

Registered Practical Nurse, CFCN, Podortho® Nurse

Kimberly Derynck,

Registered Practical Nurse, CFCN, Podortho® Nurse

Erin King has helped me extend my skills and knowledge in nursing through her Advanced Foot and Lower Limb Care course. Erin is an amazing teacher and very passionate about her work and about the health of others. Studying foot care and completing her course has really shown me what an amazing career this is and what I can build for myself. Through my clinical days, I saw Erin's passion for the overall well being of anyone who walked through her door. She is extremely welcoming to all her students and patients who require her help. Erin is a devoted nurse, mom, and business owner. She is an amazing mentor, friend, and co-worker. Erin devotes a great amount of her time to her business and students in order to guide them towards a happier career. I am grateful to have learned all my skills and knowledge about foot care under Erin's guidance and am happy to see what my future has in store. Foot care has opened me up to a new and expanding career in nursing.

Thank you, Erin!
